## ABOUT THE HEART OF ENGLAND

**The Heart of England** is a small and friendly **language school**, which has been operating since 1993 in **Leamington Spa**, an elegant and safe Regency town in Warwickshire and a typical British town, close to Birmingham and not far from London, the United Kingdom's capital. A great place to live and study and from which the most important cities in UK can be easily reached by transports.

Thanks to our language school size, we know each student personally and we are able to give to our students an individual and specific attention. We take care of everybody's requests and needs.

Our main goal is to let students improve their language skills whilst at the same time living an important cultural experience staying in a **HOMESTAY FAMILY** or in a **RESIDENCE**. That is why we offer English language courses and cultural visits for speakers of other languages and of all ages.

We put an emphasis on communication and we try to concentrate on speaking and listening skills, not forgetting the importance of the writing and grammar.

Having historical roots is important as well as being open to news: indeed, **the Heart of England has been recently acquired by JoStudy Company**, specialized in **foreign markets** and **highly qualified** to organize **Summer and Winter Camps** for students of different nationalities. This means renovation and growth, always working to provide the best for our clients.
